

## Addendum / Errata & Updates

February 19, 2019

This document (*Guidance for Managing Asbestos Disposal Sites*) was published in 2000, before current applicable state law (RSA 141-E) and a related administrative rule (Env-Sw 2100) became effective, and before the requirements in Env-Sw 2100 were officially substituted for the federal requirements in 40 CFR 61.151. However, with the exception of Section V, much of the information contained in the document is still relevant and of value to understanding and properly managing asbestos disposal sites found in New Hampshire.

In Section V, note the following important updates/changes:

1. Directory of Government Contacts: Some telephone numbers, addresses, and website URLs have changed. Additionally, the NHDES-Air Resources Division (not NH-DHHS) is now the contact agency for licensing asbestos contractors and certifying asbestos workers.

General NHDES contact information is:

New Hampshire Department of Environmental Services (NHDES)  
PO Box 95; 29 Hazen Drive  
Concord, NH 03302-0095  
603-271-3503  
[www.des.nh.gov](http://www.des.nh.gov)

For Asbestos Disposal Site Management, contact NHDES Waste Management Division at 603-271-2925 or the above address.

For Asbestos Disposal Site Contractor Licensing and Certification, contact NHDES Air Resources Division at 603-271-1373 or the above mailing address.

For updated contact information for federal and local government, please use the applicable websites or your telephone directory assistance.

2. 40 CFR 61.151: References to 40 CFR 61.151 in this booklet should be replaced with Env-Sw 2100, NH Administrative Rules for Management and Control of Asbestos Disposal Sites Not Operated after July 9, 1981. A copy of the current rules is available on the NHDES website NHDES website ([www.des.nh.gov](http://www.des.nh.gov)) or by contacting the NHDES Public Information Office at (603) 271-8876 or [info@des.nh.gov](mailto:info@des.nh.gov).

3. Sample/Model Notice for Chain of Title Recordation: The model document has been updated to include references to Env-Sw 2100 and to conform to Registry of Deed formatting. A copy of the updated template is available on the NHDES website ([www.des.nh.gov](http://www.des.nh.gov)) or by contacting the NHDES Waste Management Division as provided above.
